ONEIDA COUNTY TO HAVE BANNER FAIR

Fifteenth Annual Show Is Going To Be
The Biggest Event Ever
Held Here

Attractive colored posters advertising the big Oneida county fair in this city, September 6, 7 and 8 were distributed among the business places of the city Tuesday. The fair officials believe in spending money in promoting the enterprise and the annual show will be well advertised throughout the county.

If present plans are carried out the coming fair will be the largest and best in the history of the county. There will be side shows and high class amusement features of various kinds, the management sparing no efforts or expense to provide good entertainment for the public. There will also be an excellent program of horse racing and other attractions which go toward making a genuine county fair.

Large numbers of visitors are expected from all of the surrounding towns and it is intended to make the three days the gala event of the year. The citizens of Rhinelanders are noted for their hospitality and all strangers may be assured of a royal welcome. Arrangements will be made for properly handling the crowds and there will be ample hotel accommodations for all.

The premium lists for the fair have been issued and are now being circulated among the farmers and others who desire to enter exhibits.

Race Program

The following is the race program of the Oneida County fair:

First Day

2:30 Pace—2:25 Trot—Purse \$200.00

2:17 Pace—2:13 Trot—Purse \$350.00

Second Day

2:24 Pace—2:20 Trot—Purse \$200.00

Free for all—Purse \$300.00

All events will be governed by the following conditions:

Entry fee, 5 per cent, and 5 per cent additional for money winners.

Entries close at 2 o'clock the day before the meeting. Races not finishing satisfactorily, to be declared off by the Association.

American rules to govern. Usual reservation. Stalls and straw free to all entered horses.

Horses dancing the field, first money only. Money divided 50, 25, 15 and 10 per cent. Races, best three in five, mile heats. Five to enter three to start.

Each member reserves the right to change order of program, to postpone, or to declare races off on account of bad weather.

Fairs of Circuit

The Oneida County Fair Association is a member of the Tri-State Fair and Racing Circuit. This circuit contains five cities in which race meets will be held as follows:

Antigo, August 30, 31, Sept. 1st.

Rhinelanders, Sept. 6th, 7th and 8th.

Ironwood, Mich., Sept. 13th, 14th and 15th.

Ashland, Sept. 20th, 21st and 22nd.

Iron River, Wis., Sept. 27th, 28th and 29th.

Officers of the Circuit are Arthur Taylor, President; J. E. Matthews, Ashland, Secretary.

THE "COUNT" WINS RACE

Members of the United Commercial Travelers of Ashland, many of whom "make" Rhinelanders hold a picnic a few days ago on Madeline Island.

Henry De Lafreniere and Fred Bohelm, both frequent visitors here, ran a barrel race in which the "Count" was the victor. Bob Parsons and Fred Ansen participated in a fat man's race in which honors were even. There were other amusing sports and the boys to use their own expression had a "what of a time."

THE BEST STATE FAIR

Evidently, the Wisconsin State Fair to be held in Milwaukee, Sept. 12-16, will be "bigger and better" than ever.

A new machinery pavilion, 350x125, is completed; new speed barns, a swine judging amphitheater and an additional toilet are being built, at an expense of some \$50,000; all are substantial, up-to-date buildings.

More than \$50,000 is offered in cash prizes to exhibitors and contestants and there will be special attractions in variety and extent to suit all.

NEW DOCTOR IN CITY

Dr. Breitmann Opens Offices at 110-112 Brown Street

Dr. L. Breitmann, for ten years a practicing physician and surgeon at Neeah and Menasha, has located in Rhinelanders. His offices are at 110 and 112 Brown Street.

Dr. Breitmann comes to this city well recommended. He is a graduate of the Louisville Medical College of Louisville, Ky., and also attended the Chicago Medical College. For two years he worked under the celebrated surgeon, the late Dr. Nicholas Senn of Chicago. He has been following his profession since 1884 and before going to Neeah and Menasha practiced at Sheboygan.

The doctor is a pleasant man to meet and will no doubt win favor among the people of Rhinelanders. He has moved his family here.

FARMERS ARE EASY FOR BELLIEL'S TEAM

Nine From Clintonville Fails to Score
In Sunday's Game—Result
Is 8 to 0.

In a dull uninteresting contest of only six and a half innings duration, which a downpour of rain mercifully brought to a close, the baseball team from Clintonville was easily vanquished by Belliel's ball tossers last Sunday, the score resulting in a shut out, 8 to 0. Clintonville was outplayed and outclassed in every department of the game and in the early innings, it could readily be observed by the discerning "fan" that the visitors were unequal to the task of putting up a worthy battle against the locals. Hutchinson of Rhinelanders, merely toyed with the opposing batsmen and never once was forced to extend himself. Nine men struck out while he allowed but one scratch infield hit off his delivery. Ralsler, the man who averted a no hit game, was left at first base. Flanagan in center took care of Laux's fly, while Korb succumbed to three elusive pitched balls.

Southpaw Gause Lasts Two Innings. Clintonville opened with a battery of southpaws, both pitcher Gause and catcher Laux throwing with their left "wings", for the first round the former escaped without suffering any serious injury, but in the second all sorts of liberties were taken with his delivery. Flanagan led to his undoing, by singling cleanly to right, and all the way to third when Clifford beat out a neatly placed bunt along the first base foul line; Clifford stole second and ran to third on Kramer's safety to left field, while Flanagan ambled across the plate. Both Clifford and Kramer scored when "Hutch" doubled to right.

O'Melia's pop up was ignominiously muffed by Gause. Ryan grounded to third, forcing "Hutch" at that station, O'Melia going to second on the play. Bies raised a fly to short after O'Melia stole third and counted on a wild heave to the bleachers.

Fast distinguished himself with a trio of performances, sending Ryan home, Gause to the bench, and replacing him in the box and starting the fielders in chase to recover the first of his three base wallups to center field. Jastram struck out, leaving Post on third. Five runs.

After Ryan fanned in the fourth Bies was passed, ran to second on a bad throw in an effort to catch him napping and came home on Captain Post's second triple to far center.

Jastram grounded to third, Post scoring on the out at first. Flanagan retired the side on a grounder to short. Two runs.

Clifford took first on four wide balls, went to second on Kramer's sacrifice and counted on a wild throw coupled with O'Melia's infield single. Hutchinson and Ryan fanned, seemingly to make the game safe before rain intervened. One run.

The Clintonville boys were loud in their praise of the Rhinelanders team and wondered over the miracle of (Continued on page 2)

DEATH FROM SCARLET FEVER

The little son of Mr. and Mrs. Walter Evans, residents of the north side, died early Wednesday afternoon from scarlet fever. The body was interred at Forest Home cemetery at four o'clock that afternoon, Father Johnson holding a brief service.

The child was four years of age. The parents have the sympathy of all in their sorrow.

WILL RAISE FUNDS TO REPAIR CHURCH

Catholics Take Steps To Mend Damaged Edifice—May Close
Parochial School.

Rt. Rev. Bishop Schinner, of the Superior diocese of the Catholics, called a meeting of the members of St. Mary's congregation in this city last Sunday for the purpose of adopting steps toward repairing the damage done during the recent wind storm to the church here.

After a thorough discussion of the matter it was decided to solicit funds for that purpose from the Catholics of the city and others who desired to donate.

Committees to take charge of the work were named as follows:

First Ward—Messrs. Clarry, Rolica and Roema K.

Second Ward—Messrs. Brusio and Mitz.

Third Ward—Messrs. Didier and Vahoney.

Fourth Ward—Messrs. Lally, Koller and Rheanne.

Fifth Ward—Messrs. Hildebrand, Stapleton and Schieffman.

Sixth Ward—Messrs. Henry, Dunn and Brusio.

The committees elected Matt Stapleton, chairman; John Henry, secretary; Jerry Dunn, treasurer.

The various committees will make a thorough canvass of their respective wards and those called upon will be asked to give according to their means. In this way it is hoped to secure an amount sufficient to defray the expense of repairing the damaged edifice.

May Close Parochial School

For some time there has been a strong talk among many members of St. Mary's congregation of closing the parochial school here which would compel the three hundred children, enrolled at that institution, to attend the public schools. It is much opposed to such a move. Matt Stapleton, one of the prominent members of St. Mary's church, favors closing the school as he feels that the cost of maintaining the same is too great a financial burden for the congregation to bear.

In expressing his sentiments on this question Mr. Stapleton says: "The best paying members of the congregation consider it necessary that the school be closed. The Catholics begin to feel the load that they have been carrying for the last ten years for the taxpayers of the city. The Catholic children are counted when the census is taken and the public schools receive the state tax. The city in the past at least \$6000 believe that the school should be closed for the next two years during which time some of the old folks could be paid. I feel that the majority of the congregation is with me in this stand."

PRODUCES TONS OF HONEY

G. C. Chase Owner of Large Apiary At Robbins

Oneida county has one industry of which little is known by the people of this city. This is the large apiary owned and managed by G. C. Chase at Robbins.

Mr. Chase moved from Michigan to Robbins three years ago. Two years ago he bought two colonies of bees of G. E. Harker, president of the National Bee Keepers Association.

The following spring he was the owner of four colonies. Three additional colonies were purchased and with the approach of winter this number had increased to twenty.

This year Mr. Chase's apiary contains one hundred colonies of bees and it is expected that two tons of honey will be produced. Mr. Chase says that the production of the sweet next year will run from six to ten tons. This honey, guaranteed absolutely pure, is now on sale at B. L. Horst's and S. D. Nelson's grocery stores.

Mr. Chase invites the public to visit his apiary.

The friends of Mrs. J. Swartz surprised her at her home on Lake St. Saturday. The ladies gave her a number of little remembrances. Cards were played and a dainty lunch was served.

DAMAGE IS \$10,000

Cyclone Loss Is Estimated at the Above Amount.

As far as can be ascertained the cyclone of Saturday, July 23, confined its fury to Rhinelanders alone and was not felt elsewhere in this part of the state. At other nearby cities heavy rains fell but there was no wind of any consequence. Ashland, Tomahawk, Merrill and other places had storms which in many respects resembled cloud bursts. There was slight damage from water.

The loss caused by the tornado in this city is not yet definitely known, but one man whose judgment can be relied upon says it will total about \$10,000. This may be considered as a conservative estimate.

Some of those who suffered losses carried cyclone insurance on their property although the majority were not so fortunate. All damage has been adjusted and settlements will soon be made. Wind storm insurance is very cheap and the recent experience has caused many property owners to invest in the same.

ROBBER SUSPECT IS ARRESTED IN CITY

Police Catch Man Who Answers the Description of Iron County Safe Blower.

On suspicion that he is one of the three men who was implicated in a safe robbery at the little town of Iron Belt, Iron county, several weeks ago, a young man giving his name as Frank Murray, was arrested by Chief Straub and officer John O'Brien in this city early last Friday morning.

Indignant at Arrest

Murray answers the description of one of the Iron Belt robbers. He had been in Rhinelanders for several days previous to his arrest and during that time his actions were such as to attract the attention of the police. The fellow remained about the saloons on Thayer St. and gave every evidence of being a tough character.

When descriptions of the Iron county safe crackers were received in this city, Murray was immediately spotted by Officer O'Brien as being one of the trio.

When taken into custody by O'Brien and the Chief, the fellow denied all knowledge of the job at Iron Belt and expressed indignation that he should be arrested for the affair. He peacefully accompanied the officers to the county jail, where he remained until the arrival of Sheriff Andrews of Iron county. The sheriff returned with his prisoner to Hurley Friday afternoon.

Get Only Fifty Dollars

In blowing the safe at Iron Belt the robbers secured only fifty dollars, all that it contained. One thousand dollars had been kept in the safe but this amount was deposited in the bank on the afternoon before the night of the robbery.

It is known that three men committed the crime. Another suspect was Roy Jossart, the Minoqua man, who was shot and killed at Hurley when resisting arrest.

MANY GUESTS AT RESORT

H. A. Jones of Knapp & Jones, proprietors of Sugar Camp Resort, was in the city yesterday. Mr. Jones says that the resort is having its full share of patronage this season. Many of the guests are wealthy people from Milwaukee, Chicago and other large cities who are attracted to Sugar Camp by the beautiful scenery and fine fishing in Indian Lake.

We might add that the home like surroundings of the resort and the generous hospitality of the proprietors are also strong drawing cards.

BUNDY LADY IS DEAD

Mrs. Edwin Slocum, who had long been in declining health, passed away Sunday at her home at Bundy. She is survived by a husband and children.

Rev. Grant Clark, of the Congregational church, conducted the funeral services which were held at Bundy, Tuesday. The remains were brought to this city for burial.

On Wednesday, June 29, Mrs. Slocum's eldest daughter lost her life by drowning while bathing at Bundy. The shock of this accident is believed to have hastened the lady's death.

Mrs. Archie Nolan and children are visiting at her old home at Charlevoix, Mich.

SCHOOL BOARD CONVENTION

A school board convention will be held at the high school building Friday, August 5. All members of the rural school boards are expected to be present. Two dollars a day and 2 cents per mile each way for traveling expenses are allowed to each member in attendance. This is an important meeting. It means much to Oneida county schools. It is the only time during the school year when all the school officials of the county can get together and discuss the best interest of the rural schools.

We are fortunate in having with us men with large experience in school work and are safe in saying that we will never be able to get together such an array of school men for a school board convention a gain. School Board members, can you afford to miss this meeting?

F. A. LOWELL, Co. Supt. of Schools.

The following is the program:

Work Done by Teachers' Training School in Barron County.—Prof. J. F. Hale, Principal.

Future of Oneida County Training School.—D. Mark Dresden, Principal.

Relationship of School Boards and Superintendent.—F. A. Lowell, Supt.

A Compulsory Education.—Henry P. Peterson, State Factory Inspector.

Basis for Selecting Teachers.—Prof. Asa M. Royce, Superior Normal School.

The Work of the School Room and How to Observe It.—W. E. Larson, State Rural School Inspector.

Cut rates on household goods to Pacific coast and other points. Superior service at reduced rates. The Boyd Transfer Co., Minneapolis, Minn.

Wausau—The ministerial conference of the Wisconsin district of the Missouri synod of the Lutheran churches will meet here in annual session in August, 1911. It is expected that 175 ministers will attend. The annual meeting of the Alumni Association of Concordia College, Milwaukee, of the Wisconsin district, will be held in conjunction.

Ashland—Two Stetson capitalists have decided to establish a large glove factory in this city which will give employment to about 150 girls. There is also talk of a new paper mill locating in Ashland. A paper manufacturer from Minnesota is at the head of the movement. The plant may not be built until Copper Falls is developed so that cheap power can be supplied.

Florence—It is said that the streams of this vicinity are being depleted of trout by law breakers who carry out their purpose with the aid of dynamite. This work, it is understood, has been going on for some time and the Mining News has suggested that the county board offer a reward for the apprehension of the violators.

A little backache at first. Daily increasing till the back is lame and weak.

Urinary disorders quickly follow. Diabetes and finally Bright's disease.

This is the downward course of kidney ill.

Don't take this course. Follow the advice of a Rhinelanders citizen.

Mrs. Standinger, of 307 Margaret St., Rhinelanders, Wis., says: "Some months ago I began to suffer from severe pains in my back. I could find nothing that would bring relief until I procured Doan's Kidney Pills at Reardon's Drug Store. They went directly to the root of my trouble and I have had no return of it since."

I gladly recommend this remedy to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-McMurray Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

FOR INSURANCE COMMISSIONER

Herman L. Ekern, Deputy Insurance Commissioner, who has done so much for the people of Wisconsin in getting laws passed protecting their interests, is now a candidate for the office of Insurance Commissioner. Mr. Ekern must get his votes from the people whose interests he has safe guarded. Every one interested in just insurance laws and their just interpretation should support Mr. Ekern.

AID FOR SCHOOLS

The state graded schools which have been granted state aid based upon reports for the year ending June 30, 1910 today was announced by Supt. C. P. Cary's department.

The schools of the first class received \$300 each, schools of the second class \$200 each, making a total amount for the schools of the first class \$44,700, a total for the second class \$57,800, making a grand total of \$102,500.

Fifteen boards of state graded schools failed to put in a report and are not included in the list, several others were also left out as the result of not conforming with the recommendations of the state salary board and also in the employment of teachers.

FREAK CALF BORN

Oneida county has again been brought into the line light and this time it is a freak calf born on a farm in the town of Cassian.

The Tomahawk Leader says: "A freak calf born on the farm of Thomas Mussen at Cassian has been on exhibition at Wausau and now has been taken to Milwaukee where it is to be for a four months' run. The calf has two fully developed necks and heads, four eyes, two roses and four ears, all on one body. M. C. Thorn bought the calf from Mr. Mussen and is now exhibiting the freak."

THEY HAVE A DEFINITE PURPOSE

Foley's Kidney Pills give quick relief in cases of kidney and bladder ailments. Mrs. Rose Glaser, Terre Haute, Ind., tells the result in her case. "After suffering for many years from a serious case of kidney trouble and spending much money for so called cures, I found Foley Kidney Pills the only medicine that gave me a permanent cure. I am again able to be up and attend to my work. I shall never hesitate to recommend them."

J. J. Reardon.

BITTEN BY A DOG

Geo. E. Wood of Wausau was in the city during the week in the interests of the Milwaukee Daily News, a paper with which he has been connected for several years.

While at a farm house near Merrill a short time ago Mr. Wood was severely bitten on the leg by a savage dog. An ugly wound, which is causing him much pain and trouble, was inflicted. Physicians say that there is some danger of blood poisoning and Mr. Wood went from here to his home at Wausau for proper treatment.

August Jewelry

In times past people considered August the month when all the jewelers were away on vacation, all business energy let down and stocks at the lowest ebb.

But we found that quiet business was not because the public were not ready to buy as much as because they couldn't get suitable things.

And so we reversed the legendary rule and kept the stock full to overflowing.

Pretty brooches, rings, bracelets, handy pins, diamonds—everything. August is a busy month.

Advertising car number one of the Campbell Bros' circus brought a crew of bill posters to the city Saturday. They spent the day distributing 110,000 photographs advertising many attractions of the big show. A gentleman who witnessed a performance of Campbell Brothers' circus at Superior last Saturday says that it is first class in every respect. The show travels on twenty-eight double length cars. It is about the same size as the Sells-Floto circus which exhibited here last summer.

After a few days visit with his many friends in this city Wm. Seard left today for Ashland where he has taken a position as prescription clerk in the Knight Block Pharmacy. "Rilly" was formerly employed at Beardon's drug store and since leaving here last November he has been compounding pills and poisons at Milwaukee. It is understood that there is an attraction for him here other than our beautiful scenery and that is why he just can't stay away.

The Ceresota flour demonstration at the Peoples Savings Store came to a close Saturday. Hundreds of Rhinelander ladies visited the store during the display and were treated to delicious hot biscuits and butter. Each one was also favored with a pretty souvenir. Those who use Ceresota claim it to be an excellent brand of flour. The Oscoda Mill & Elevator Company is the distributor for this city. Mr. Rogers, the company's manager, says that the demonstration is already beginning to bring returns in the fact that the sale of the flour is increasing.

The banks of Grand Rapids are offering extra concessions to their farmers in Wood county who want money to buy hay to keep their stock over winter, so as not to sacrifice their milk cows now. The banks will not only provide the money to buy the hay but will see to it that the hay is sold at a reasonable figure, practically for what it costs on the western prairies with transportation added. It is certainly to the interest of the whole community that the dairy interests of central Wisconsin be not allowed to get a set back because of a little hay and pasture failure.

Sleepless Nights

"My wife is of a nervous temperament, and has suffered much from sleeplessness. Since using Dr. Miles' Nervine she has greatly improved and now sleeps well."
W. W. FISHBACK, Redkey, Ind.
When the nerves become weak, worn-out, excitable from overwork, worry, grief or mental exhaustion, their turbulent condition prevents that total relaxation that induces sleep.
Dr. Miles' Nervine by its soothing and quieting influence and by strengthening and replenishing the exhausted nerve force brings profound and restful sleep. The first bottle will benefit; if not, the druggist will return your money.

LaFollette's

WEEKLY MAGAZINE

There are many reasons why you should read what it says 52 times each year. It is free to tell the truth. It will oppose the encroachment of special privileges upon the people's rights. It will call the roll on public men and measures and inform you how your congressmen work and vote. It will criticize the executive branch of government from the highest to the lowest, if in its judgment the people's interests are not protected. It will spread the gospel of ideal home life through the Women's Department. It will be conservative when good things are to be conserved, and radical when bad things are to be exposed.

COUNTY OPTION (NOT PROHIBITION)

By SENATOR S. M. MARSH

CAPT. WM. M. LEWIS

"This question is often discussed as if county option and prohibition were the same thing.

"The fact is, the passage of the law would not close a single saloon in any county in the state. It would simply extend to each county the PRIVILEGE OF CLOSING ITS SALOONS if a MAJORITY SO VOTED.

"It is argued by the liquor interests that a county option law would infringe on the personal liberty of individuals—that even a majority has not the right to dictate the personal conduct of the minority.

"Neither the present local option law nor the proposed county option law does, or would dictate to a man as to whether he shall drink.

"IT GIVES A MAJORITY THE PRIVILEGE OF DETERMINING whether the saloon shall exist in a given county—whether it is a desirable or an undesirable institution; whether or not it is an American institution that ought to be fostered.

"The present local option law does not, and the proposed county option law WOULD NOT, EVEN IN DRY COUNTIES, PROHIBIT a man from DRINKING ALL THE LIQUOR HE WANTED. Nor would it prohibit breweries from manufacturing and shipping their product."

Capt. Wm. Mitchell Lewis, the Republican county option candidate for governor, says:

"The county is the TAX UNIT.

"County option means A CHANCE TO VOTE."

"County option means MAJORITY RULE.

"If a majority in a county WANTS saloons IT CAN HAVE THEM.

"If a majority in a county wants to ABOLISH the saloons IT CAN DO SO.

"The majority is entitled to what it wants.

"I favor the passage of a County Option Law, putting the license question IN THE HANDS OF ALL THE VOTERS IN EACH COUNTY."

THE BONE HEAD

A local base ball fan hands us the following little poem from the St. Louis Times which will to doubt appeal to all followers of the great national pastime:

There was a ball player named Paddy McGraw—
A giant in stature, though shy in the brain;
In other words, Paddy was what you would term
A bone-head player—his nut was infirm.

Though Pat had a head that was nothing plus nil,
This terrier surely could pick the pill;
But after said pill had been duly embrined
There instantly followed an absence of mind.

He had 'em all going and sorely perplexed;
There was no way of knowing just what he'd do next;
Till the fans and the rooters all hollered "Police!"

And the manager sent him to Bone-setter Reese.

The bonesetter felt Paddy carefully over
As vainly he searched for the place that was sore;
Said he: "Paddy, tell me, now where is it at?"

Said Paddy: "You'll find it right under me hat."

For weeks the bonesetter massaged Paddy's hair,
Then finally threw up his hands in despair,
And he shipped him back home with a letter which read:

"Nothing doing! Can't cure—charley horse in the head!"

EQUIPS A FIRE TRAIN

Small towns along the Ashland division of the Northwestern railroad, as a result of a fire apparatus devised by Supt. G. J. Quigley and Division Foreman C. D. Ashmore, will no longer be without fire protection.

The equipment consists of a passenger locomotive, three large wooden tanks holding 8000 gallons each, three engine tanks with a capacity of 2000 gallons each, a water pump capable of pumping 10,000 gallons an hour, and 500 feet of hose.

The railroad headquarters will be in the roundhouse at Antigo, and the territory in which calls will be answered will be limited only at the discretion of Supt. Quigley. It is now planned to keep a passenger engine on hand at all times, with a full head of steam, to answer emergency calls.

SHOOTING IS JUSTIFIED

Coroner's Jury Absolves Officer Aspinwall From All Blame

The coroner's inquest regarding the death of Roy Jossart, the safe-cracker who was shot while resisting arrest July 17, was held at the court house Tuesday morning, and the jury after hearing the testimony of Officers Aspinwall and Dardas and several other witnesses, found that Jossart came to his death as a result of a bullet wound inflicted by Officer Aspinwall and that Mr. Aspinwall was justified in the shooting as a means of self-defense. Officer Dardas testified that Jossart pulled a gun out of his right hand coat pocket and commenced firing when he (Dardas) was less than four feet away from him and ever before Dardas had a chance to tell Jossart that he was going to arrest him. Jossart fired two shots before Dardas grappled with him, one hitting Dardas in the thigh and the other grazing the shoulder. While Dardas had a hold of Jossart's hands, Jossart fired two shots at Officer Aspinwall, who was behind Dardas, both bullets coming within a few inches of Aspinwall's head; Aspinwall then pulled his gun and fired one shot at Jossart's feet which was followed by Jossart's second shot at him and then Aspinwall fired at Jossart's body, hitting him in the stomach. Six shots were fired in all, four by Jossart and two by Aspinwall—Hurley Miner.

MR. DAHL'S ANNOUNCEMENT

I hereby announce my candidacy for the office of state treasurer on the republican ticket, subject to the approval of the voters at the September primaries.

During the past four years I have attempted to the best of my ability to conduct the affairs of the office of state treasurer strictly along business lines. I have tried to render prompt and efficient service to the people of the state, with the minimum amount of office force and expenses, and the least possible red tape—in fact I have conducted the affairs of this office as I would my private business. If I should again be honored with another term, I feel that my experience will enable me to further improve the service, and to this end I pledge my very best efforts.

If my services have been satisfactory, I respectfully solicit your support at the primaries on September 6th next. Yours very truly,
ANDREW H. DAHL
Madison, May 19th, 1910.

BIG RACES HERE

The different races seen in the Campbell Brothers Great Consolidated Shows, on their quarter-mile track, are so varied that they almost defy description.

The brilliant and highly applauded program includes the Royal Hippodrome races which cause those of Ancient Rome and Olympia to fade into insignificance, and the author of Ben Hur would find the reality of his romantic dreams; the hotly contested races between lady contestants mounted on fiery thoroughbreds; double Roman standing bareback races; three horse tandem races; ladies' and gentlemen's steeple-chase races; liberty races; jockey races; man against horse races; mule races; pony races without riders; clown races; Cossack riders against Americans, and all flying like the wind.

No other show has the space, or carries the talent or race stock, to remotely compare with this classic exposition of the great arenas of ancient and modern times. These and many other novel features of extraordinary excellence are to be seen daily with Campbell Brothers Consolidated Shows which will exhibit at Rhinelander, Thursday August 11. Don't miss their magnificent street parade to be seen daily at 10 a. m.

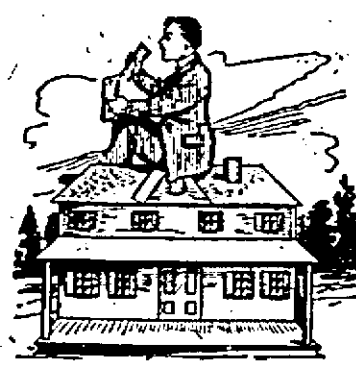

NOTICE

To the Public:

You are hereby requested not to use any city water for sprinkling purposes, such as lawns, streets and alleys during this dry period. Water may be used for such purposes between the hours of 6 p. m. and 9 p. m.

By order of the Board of Public Works.

A. D. SUTTON,
Supt. of Water Works.

WITH THE LANDLORD ON TOP OF YOU every month for his rent don't you often wish you owned the house you lived in? You can do it all right if you are in earnest about it. Call in and learn how easily you can become a property owner if you really want to. I have real estate which can be bought with very little cash if you have sufficient ambition to own it.

Houses in all parts of city, vacant lots and one acre lots in city. 5 and 10 acre lots near city limits for sale on easy terms.

STATE OF WISCONSIN, COUNTY COURT FOR ONEIDA COUNTY.
In the matter of the estate of Clara Lokken, deceased. In Probate.

Letters of administration on the estate of Clara Lokken deceased, having been issued to Hans Anderson on the 12th day of July A. D. 1910.

It is Ordered, That six months from and after this date be and are hereby allowed for the creditors of said Clara Lokken deceased to present their claims for examination and allowance.

Ordered Further, That the claims and demands of all persons against said deceased be received, examined and adjusted by this Court at the regular term thereof, to be held at the Court House in the City of Rhinelander in said County, on the 1st Tuesday of February A. D. 1911, and that notice thereof be given by publication of such notice for four successive weeks in the New North, a weekly newspaper published at the City of Rhinelander in said county.

By the Court.
Pated July 12 1910.
LEVI J. BILLINGS,
County Judge.

NOTICE OF SHERIFF'S SALE.
Notice is hereby given that by virtue of a judgment of foreclosure duly recovered in and rendered on or about June 22, 1909, by the Circuit Court of Oneida County, Wisconsin, wherein Traders Land Company was plaintiff and H. W. Wright Lumber Company and John M. Scott were defendants, in favor of said plaintiff and against said defendants, I have duly seized, deeded up of and taken into my possession all the rights, title and interest that said defendants or either of them had on the 2nd day of December, 1910, or has since acquired, in and to the following described real estate in Oneida County, Wisconsin, to-wit: The southwest quarter of the Southeast quarter of section twenty-nine and the Northeast quarter of section thirty-two and the Southeast quarter of the Northeast quarter of section thirty-two, all in town thirty-six north, range four east, which I will on the 22nd day of August, 1910, at the hour of two o'clock in the afternoon of said day, at the front door of the old County Court House in the city of Rhinelander in said county and state, aforesaid, expose for sale and sell at public vendue to the highest bidder for cash or so much thereof as may be necessary to satisfy said judgment of foreclosure and costs of sale.

J. F. JILLSON,
Sheriff.

FIRE WORKS IN SKY
 The people of Rhinelander as well
 as the millions of other inhabitants
 of this globe will have the opportu-
 nity of witnessing a rare display of
 "shooting stars" which will be most
 prominent on the nights of August
 8th and 10th. Astronomers say that
 small particles of matter, traveling
 through space at a tremendous pace
 in the train of a comet will meet the
 earth's atmosphere, become ignited
 by friction and be seen in the heav-
 ens as fiery points streaking the
 skies at frequent intervals.

ANTIGO NEXT SUNDAY
 There promises to be something do-
 ing at the fair grounds next Sunday
 afternoon when Belle's ball tossers
 will play the team from Antigo. At
 the expenditure of the sum of fifty
 dollars Antigo has secured the effi-
 cient services of Ernie Groth, the
 famous pitcher, who will appear in
 the box on that day only. He won
 the game for Antigo two weeks ago,
 for without him the team would
 have been weak.

Hutchinson, Rhinelander's pitcher,
 is working into the game in a way
 that delights the fans and he will be
 in a position to give Groth a hard
 battle. Joe has been out of prac-
 tice for a long time but as soon as
 his arm is in form again he will
 fairly eat 'em alive.

On Sunday, August 11 the celebra-
 ted Union Giants, the colored team
 from Chicago, will meet Rhinelander.
 The black boys know how to play ball
 and are winning everything in sight.

SAM IS A HUSTLER
 Sam J. Leisner, deputy organizer
 for the Modern Samaritans who has
 for the last two months made Rhine-
 lander his headquarters, leaves this
 week for Wausau where he will make
 his permanent home. Aside from
 attending to his work for the Samari-
 tans he will also spend some time
 selling fire, tornado and accident in-
 surance.

Mr. Leisner is one of the leading
 organizers of the order in this state
 and has established lodges in many
 cities. He is always hustling for
 new members and by his efforts he
 has brought the membership of the
 local lodge, which he organized, to
 nearly the one hundred mark. He
 and his wife made many friends dur-
 ing their stay here and it is hoped
 that they will see fit to return here
 at some future date.

BUFFALO BILL WAS COMING
 It is learned on good authority that
 Buffalo Bill's Wild West and Paw-
 nee Bill's Far East shows would
 have exhibited in Rhinelander this
 month if the Campbell circus had
 not routed the town. The two Bills
 are showing at many places in the
 state and were headed this way but
 altered their route. This is Col.
 Cody's last appearance before the
 American public and he will retire
 from active life at the end of the
 season.

Rate of the Speed Maniac.
 For his sins on earth the automobil-
 ist was sentenced to fall eternally
 through space at the rate of 10,000
 feet a second. "Say," he said, "that
 beats joy-riding all hollow."

Horizon Ten Miles Distant.
 At an elevation of ten feet the hori-
 zon is slightly more than ten miles
 away in perfectly level land or sea.

Best Time for Plants' Growth.
 Plants grow faster between 4 and
 6 a. m. than at any other time during
 the day.

Habitation in the Clouds.
 The highest inhabited place in the
 world is the Buddhist monastery of
 Thibet, which is about 17,000
 feet above sea level.

High Speed Telegraphy.
 In a recent test of a new German
 high speed telegraph apparatus 2,800
 distinctly recorded words were trans-
 mitted 430 miles in five minutes.

Heat's Effect on Gas.
 Though heat will make a solid or a
 liquid incandescent, it can only in-
 crease the pressure of a gas.

Employs Many Women.
 In general and electrical engineer-
 ing factories in the United Kingdom
 more than 16,000 women are em-
 ployed.

Density of Population.
 As nearly as can be estimated there
 are 20 inhabitants to the square mile
 in this globe.

 The heart of man is made to recon-
 cile contradictions—Hume.

 one of his customers.

Possibly in Novels.

Expert Indorsement.
 "Yes," said young Mrs. Torkins, "I
 am sure our garden is going to be a
 success." "So soon?" "Yes, the
 chickens have tasted everything, and
 they are perfectly enthusiastic."

BIJOU THEATRE RE-OPENS
 The Bijou theatre is again open to
 the public after having been closed
 for one week.

Messrs. Hanson & Taylor, proprie-
 tors of this popular amusement place
 are presenting for the patrons mov-
 ing pictures of the highest class. The
 subjects are new and up-to-the-
 minute and are changed four times a
 week. Nothing but the associa-
 tion of films are used. These films are non-
 inflammable which averts all danger
 from fire. This is a precaution tak-
 en by the management as many bad
 fires have recently occurred in mo-
 tion picture houses through the use
 of inflammable films.

Regular Saturday evening shows are
 still being held at the Grand Opera
 House and are drawing large crowds.

DAMAGE AT FAIR GROUNDS
 Spectators at the base ball game
 at the fair grounds Sunday were
 warned to vacate the grand stand as
 the structure is considered unsafe
 and liable to collapse.

In the cyclone of two weeks ago
 the stand was weakened to some ex-
 tent and it will be necessary to
 make repairs before it is again con-
 sidered fit for service. Part of the
 fence enclosing the fair grounds was
 blown down. The water tank was
 also ruined. The Agricultural Soci-
 ety will get busy at once in repairing
 the damage.

FOR QUICK RELIEF
FROM HAY FEVER
 Asthma and summer bronchitis, take
 Foley's Honey and Tar. It quickly
 relieves the discomfort and suffer-
 ing, and the annoying symptoms disap-
 pear. It soothes and heals the in-
 flamed air passages of the head,
 throat and bronchial tubes. It con-
 tains no opiates and no harmful
 drugs. Refuse substitutes.
 J. J. Reardon.

THREE OUT FOR CORNER
 There is going to be a fight on in
 Outisla county for the office of cor-
 oner at the coming election. So far
 there are three candidates in the
 field for the office namely, Chas.
 Leanter and Garrett Lee of this city
 and the present incumbent, Pat Bol-
 ger of Milwaukee. Generally this of-
 fice goes begging in this county as
 few desire to run for it. The du-
 ties of the position are by no means
 pleasant and there is little com-
 pensation. Mr. Decanter who has
 been coroner in past years, is the
 only republican candidate in the
 race. Mr. Bolger is a democrat and
 Mr. Lee a socialist.

ACUTE OR CHRONIC—WHICH?
 No matter if your kidney trouble is
 acute or chronic Foley's Kidney Rem-
 edy will reach your case. Mr. Claude
 Brown, Reynoldsville, Ill., writes us
 that he suffered many months with
 kidney complaint which baffled all
 treatment. At last he tried Foley's
 Kidney Remedy and a few large bot-
 tles effected a complete cure. He
 says, "It has been of inestimable val-
 ue to me."
 J. J. Reardon.

ON AN AUTO TRIP
 Five touring cars from Antigo and
 Oshkosh arrived in the city Monday
 night and proceeded Tuesday morn-
 ing on their way to Eagle River
 where the occupants will spend a
 few days at the lakes. Those who
 composed the party were people from
 Antigo and Oshkosh, including Cas-
 per Faust and family, former resi-
 dents of this city. While here the
 family was the guests of friends.

A lady of our city has found a sure
 cure for broken dishes. If the dish to
 be mended can be tied together with
 a stout string, then place it in boil-
 ing milk and left one hour. You can
 never tell the dish had been broken
 and it can afterwards be put in boil-
 ing water without the pieces coming
 apart. This experiment has been
 tried and proven and many are the
 broken dishes which were thought to
 be useless which are now as good as
 new.—Karlstad Advocate.

IS DINED AT PRENTICE
 Francis E. McGovern, whose chance
 for becoming governor of this
 state look brighter every day, was
 in the city Saturday on his return
 from Prentice and Phillips where he
 made speeches to large gatherings.

At Prentice a dinner was given in
 his honor at the Jump River hotel.
 All through that territory the
 sentiment of the voters favor Mr.
 McGovern and he will undoubtedly
 poll a heavy vote there.

Mr. McGovern left here early Sat-
 urday forenoon in his automobile for
 Wausau.

DON'T SELL YOUR STOCK
 The Stevens Point Journal says
 that farmers should consider well
 all sides of the proposition before
 selling their milk cows and young
 stock because of the alleged shortage
 of feed. Think of the time it will
 take to produce good milk cows in
 order to replenish the herd, which
 some of the farmers contemplate sac-
 rificing at present prices. Better
 mortgage the farm and buy feed
 than to sell off the cows and heifers
 now. Good cows can be maintained
 at a profit on baled hay and mill feed
 with butter at present prices.

Joseph Nordstrom came to this country from the north of Europe, worked eight years for \$5 a week, married when it was raised to \$9, and four years later departed for "home" with his family and a draft for \$2,000 on a foreign bank, thenceforth to lead a country gentleman's life.—World's Work.

Large Haul of Fish.
An extraordinary capture of gray mullet was made at Plymouth recently. The fish were found in the Great Western Railway company's graving dock at Millbay. The dock gates were closed and when the water was pumped out the fish were captured and sent to market. They weighed about 4 1/2 tons and most of them were consigned to France.—London Times.

Tombstone Eulogies Taxed.
The town of Raumburg, Germany, has invented a new tax. The heirs of persons desirous of having their goodness, or even their names, inscribed on a tombstone or cross, must pay ten per cent. of the cost of the monument into the city treasury.

MINOCQUA.
(From Minocqua Times.)
Henry Ten Eyck sold his farm to Henry Evenson last week and Wednesday together with his family and George M. Cator and family shipped a carload of household goods to Evansville, where they will make their future home. We have very few farmers and can ill afford to see any of them leave.

Amil and Albert Ne'g were arrested last Sunday evening for house breaking. They had their hearing before Judge Ames Tuesday afternoon. The judge discharged Albert but bound Amil over to the circuit court under bonds which were furnished. It seems that Wm. Herman had some money stolen from his home last Friday night and that Amil Melang was seen coming from the dwelling and was therefore arrested.

Bids were opened Monday by the town board for an electric light system at this place. The Central Construction Company of Oshkosh put in two bids, one for a gasoline engine plant and one for a gas generator plant. The Herman Andre & Company of Milwaukee, also had a bid in for a gasoline engine plant. The board adjourned ten days to investigate the gas generator system as that seems to be so much cheaper to maintain.

TOMAHAWK LAKE

Miss Theo. Bruett has been very sick for the last two days.

Mr. and Mrs. McKinnis of Chicago arrived here Tuesday morning to spend a few weeks at Northern Woods Resort.

Joseph Conrad and John Rashinski received their new threshing rig this week and are now getting ready for business. They have one of the International Harvester Co.'s gasoline engines and a Belle City Separator.

Both of the machines have all the latest improvements and soon ought to be doing good work.
John Panatier left here Monday for the southern part of this state where he expects to spend a few weeks of his vacation.

ENTERPRISE

The foundation for the new school house is completed and a crew of carpenters are busy so as to have it finished before the school opens.

Miss Emma Hutz from Wausau who is visiting a few days at Buddy stopped a day at R. Schoenecks.

Miss Minnie Kushman left for Wausau last week.

A dance was given by the young folks Saturday and a large crowd was in attendance.

Keller's famous report, known as "Rest Haven", is completed and is well patronized.

A. J. Kingsbury, the Kodak man from Antigo, was in town Friday taking local views.

Aug. Seidel of Rhinelander made a call at Otto Schoeneck's Sunday.

AROUND THE CIRCLE

Miss Anna Christanson is making an extended visit with her brother's family at Denmark, Wis.

Walter Kerber met with what might have been a serious accident last week in the running away of his driving team, but as it was, he only met with a slight shaking up and a light jar in the vicinity of his cranium.

C. E. Morrill, Jr., has at last become a tiller of the soil and helped himself to a fine little farm south of the city and expects to revolutionize the poultry business.

Mrs. Hans Hanson lost a couple of valuable cows recently by them coming in contact with a dose of parvovirus in some unaccountable manner.
R. J. Daylison expects soon to be in connection with the city telephone system. Material and other supplies are on the way.

We understand that R. Kell, more commonly spoken of as "Peggy" has joined the matrimonial "bunch" and taken unto himself a "Frau" and expects to settle down upon the placid waters of Crescent Lake where he expects to enjoy life.

Geo. Kramer has taken the position of superintendent at the power-house at Hat Rapids which was formerly presided over by Chas. Rousseau, who resigned to accept a similar position near Wausau, Wis.

The beaming countenance of W. P. Jewell is once more seen in the vicinity of the "flats", also that of Emery Hamlin. We understand they have gotten through at Fosterville, Wis., where they have been employed for the past year, the company having ceased operations in that vicinity for the present.

A much needed improvement is being done east of the power-house in the filling and grading of the swamp by Chas. Gross, who has the contract for the job. Chas. is keeping up his reputation as a road builder in this case as well as in the past.

Mrs. John View of Green Bay, Wis., has been visiting at the home of her parents, Mr. and Mrs. Chas. Regal.

CASSIAN

Mr. and Mrs. Albert Ossman drove over to C. B. Taylor's Sunday.

Mrs. G. Gahan and son Douglas of Wausau are the guests of Mr. and Mrs. W. Lory.

Mrs. H. D. Johnston was a Rhinelander visitor Wednesday.

HAZELHURST

The Misses Elancho and Dora Deserran, returned Sunday from Stevens Point where they have been for the last six weeks attending Normal. The girls say they found plenty of hard work, but feel well rewarded for their labor in the high credits they received.

The stork put in a busy time last week at Hazelhurst, leaving a bouncing boy at the home of Mr. and Mrs. Swanson, a dainty little maid with Mr. and Mrs. Oscar Glasow and a sweet little girl babe at the home of Mr. and Mrs. Joe Anderson.

Miss Jessie Flaherty has just returned from a week's visit at Tomahawk.

Little Miss Irene WHEE of Minocqua returned home Sunday after making Grandpa and Grandma Willis a few days visit.

The Stevens Point traveling orchestra gave a dance Saturday night.

Miss Louise Kuchera terminated her visit at home the past week, returning to Big Rapids, Mich., where she is employed as stenographer.

Rudy Kuchera returned to Milwaukee, thus breaking up a family reunion at the Kuchera home.

Robert Flaherty is on the sick list.

The Hazelhurst tall team went to Arbor Vitae Sunday and received their first "drubbing", 4 to 0. They will have their revenge next Sunday at Hazelhurst, where, as one little fellow expressed it, they will have a fair "humphre."

landed a nice string of bass.

Mr. Swartz landed a couple of nice muskies Monday morning.

Mrs. William Morris and Mrs. Peter Eruso gave a picnic at Moen's Lake Wednesday.

Out of Man's Reach.
The old may have their years stretched out beyond the fourscore, but they must die sooner or later; no such necessary limit affects the births, and it is conceivable that there may come a year when there are no births. Immortality is the only effective answer to a cessation of reproduction, and, alas! the King of Terrors still reigns.

Strength of Love.

Love feels no burden, thinks nothing of trouble, attempts what is above its strength, pleads no excuse of impossibility; for it thinks all things lawful for itself, and all things possible. It is, therefore, able to undertake all things, and it completes many things, and warrants them to take effect, where he who does not love would faint and lie down.—Thomas a Kempis.

Law Would Have Barred Author.

Dean Stanley's handwriting was atrocious. The late Lord Lytton handed in an amendment to the tory reform bill of Lord Derby. The clerk at the table could not read it, nor could any one else. At last, Lord Lytton—a rare scholar and an accomplished man of letters—was asked to read it himself. He explained that, though he could not pretend to read the text, its purpose was to enact that no man should be admitted to the poll unless he could sign his own name in legible handwriting.

Ancient Mirrors.

A French investigator has lately interested the French Academy of Sciences in his researches concerning the glass mirrors which were used in ancient times in Egypt and in Thrace. They were backed with a highly polished metal, the nature of which has been in question. It has now been ascertained that the metal was almost pure lead, and it is believed that the method of manufacture was to pour the molten lead on the concave surface of disks cut from balloons of blown glass. In consequence of their shape, the mirrors minimized the images of objects looked at in them.

A Gentleman and Boots.

The "first gentleman in Europe" got the very worst definition of a gentleman from his valet when driving down to Brighton. The prince regent was arguing about the gentleman, and finally turned to his valet. And the valet replied that a gentleman was one who did not clean his own boots. It was a funny reply. One likes better the demand of the duke of Wellington, "Give me men who can sleep in their boots."

Birds Easily Made Captives.

A bird expert has returned to Europe from the West Indies with over 200 captives. He boiled down tree sap into a thick, sticky mess, and put it on shrubs and branches at places where birds took food and drink. Once they grasped the sticky perches they were fast and could not fly away, says the expert. Some were caught by trying to a string large grains which birds swallowed, and there they were. Among the captives are starlings, finches, pigeons, doves, herons and canaries.

Helen Most Popular Name.

Statistics have been amassed by some one in a girls' college, where there is an enrollment of 1,600. Of this number more than 100 have the name of Helen, which means light. Mary came second with less than 50. Then followed Margaret, Ruth, Florence and Elizabeth in that order. Old-fashioned names are frequent. There are still many Hopes and Dorothys, and a few Emilys and Penelopes, but Abigail, Huldah and Hepzibah seem to have outlived their popularity in America.

Requirements of Tragedy.

The clearest and most succinct declamation of the dramatic unities was made by Doffleau, when he laid down the law that a tragedy must show "one action in one day and in one place." It must deal with only a single story; and this obligation is the unity of action. It must never change the scene, massing all its episodes in a single spot; and this is the unity of place. And it must compact its successive situations into the space of 24 hours, into a single day, and this is the unity of time.—Atlantic.

Suppressing Cough or Sneezes.

Hospital nurses, when assisting at a delicate operation, have their own way of suppressing a cough or a sneeze. The operator's attention must not be distracted for a moment. Coughs and sneezes, too, spread germs on surfaces carefully rendered antiseptic. So every nurse soon learns to press her finger hard on the upper lip, immediately below the nose, when she feels a cough or a sneeze coming on.

Beware of Loose Speech.

Keep the tongue from unkindness. Words are sometimes wounds; not very deep wounds always, and yet they irritate. Speech is unkind sometimes, when there is no unkindness in the heart. So much the worse that unintentionally pain is caused.

Teach Children to Be Fearless.

Don't run to baby and pick him up the minute he falls. The child whose mother runs to him and moans over him the minute he falls is a much-to-be-pitied little man. Her terrified face and cry of "Are you hurt, darling?" Tell mamma where. Poor little pet!" etc., will make him cry at once, whether he is hurt or not.

Very soon he will imagine that the slightest untoward event hurts him, and will grow peevish and fretful.

A child who is not fussed by a nervous and adoring mother is very different. He may have many falls; he probably will. But very soon, with his mother's cheery "No damage done, dearie!" in his ears, he will learn, unless things are really rather bad, to pick himself up and go on quite happily with his interrupted game.

A Flat Joke.

The table was set in the little dining room, and from the adjoining cubby corner the two gazed in admiration upon the decorations which surrounded their board.

"Wouldn't it be an honor, John," cooed the bride softly, "if we could have the president with us for dinner to-morrow?"

"Honor," laughed John uproariously as he contemplated the little allotted by the grasping landlord, "why, it would be more than that, it would be a feat!"—Illustrated Sunday Magazine.

Don't Put Birds in Windows.

"Never put a bird in the window," said a bird fancier.
"I rarely go into the street in summer, or even on a mild day in winter, that I do not see unfortunate canaries hung in the windows. Even if the sun is not broiling the brains under the little yellow cap a draft is blowing all the time over the delicate body. People have been told a thousand times that they must not put a bird in the draft, yet how few remember there is always a draft in an open window."

Woman's Danger Batteries.

A hypnotic eye, vulgarly known as the googoo, has long been considered one of the most valuable possessions of a woman. In the wise economy of nature it was given her instead of the swelling biceps of the opposite sex. From time immemorial it was considered perfectly ethical for her to exercise this power to the fullest extent, and to it society owes most of its pleasure and probably its very existence.

Degenerated Through Time.

Though "Snooks" as a name is hardly beautiful, its origin is respectable enough. Kindly people picked up a little foundling boy at Sevenoaks and started him in life after baptizing him: "William Sevenoaks." He became lord mayor of London in the reign of Henry V., was knighted and died in 1432. He left benefactions to his native place that were doubtless misused, as was his name, which degenerated to Snooks.

The Smiths.

As to Smith, a correspondent points out that while there are now about 350,000 members of the great family in England alone, in Old Testament times, according to the first book of Samuel, "there was no Smith throughout the land of Israel." This verse the late Bishop Wilberforce spotted as the hardest one in the Bible to quote without smiling.—London Chronicle.

Rare Gems Owned by Indian Rulers.

Magnificent as are the pearls worn by the wives of many American millionaires and by some women belonging to wealthy and aristocratic families of Europe, none can compare in point of magnificence with the marvelous gems possessed by some of the native Indian rulers, of whom none possess such a magnificent collection as the Maharaja Rana of Dholpur.

The Soulless Corporation.

A burglar broke into the Clinton & Springfield station at Harrisonville. He found a rubber stamp and an ink pad, which he refused to take away, but he left a note to the agent. The note read: "What the hell's the country coming to when a big rascald corporation don't have enough in its drawers to buy a pore man a measles vittles."—Kansas City Star.

Totter End To.

"It's jest as much us poor folks' place to treat the rich right as 't is 't'other way. Don't it help as much toward good feelin' between man and man for me to go a little out'n my way to give the boss a pleasant good mornin' as it does for the boss always to have to make the first break? The boss' got money; but that's no sign he don't need what money can't buy—and that's good-will."—Pa Flickinger's Folks.

It Is Good to Know

That if you make a deep impression around the root of a rubber plant and pour in an ounce (two tablespoonfuls) of "Laster" oil once a month you will be surprised at the vigorous growth of the plant.

The End Not Feared.

Lucretia Maria Davidson, the poet, testified in the last bit of evidence she gave on earth, "Death, which once looked so dreadful to me, is now divested of all its terrors."

The Difference.

"John Peters isn't fit to associate with gentlemen." "Geel! What's the matter?" "He held out a card when we were playing poker last night." "So did you." "But I only held out a nine-spot. He stole an ace."—Cleveland Leader
